GROWING THE CORE OF
THE COMMONWEALTH

Central Mass Grown is a coalition of farmers, beekeepers, foresters and others as well as, “Buy Local” advocates, restaurants, retailers and community leaders. Regional Buy Local Groups build connections between farms, restaurants, retailers and other consumers. We are committed to the idea that knowing where your produce, meat, fiber, wood and other products comes from is more sustainable and makes both good health and economic sense. Our efforts will help generate consumer awareness and demand for locally grown products while at the same time improve logistical access to these important food/product sources.

**Supporting our region’s
Agricultural economy!**

GROWING THE CORE OF THE COMMONWEALTH

Central Mass Grown is a new initiative, born out of the need to highlight the farms of Central Massachusetts. Our organization's mission is to promote the purchase of local agricultural products and to foster education about the benefits to health, community, economy, and environment. We will produce a directory, an on-line database, and a mobile app.

Please join us. Together we can build a strong movement to promote local agriculture and ***Grow the Core of the Commonwealth.***

(Use the attached form or go on-line to www.CentralMassGrown.org)

About us:

1. To educate farmers, consumers, and the general public on issues about and related to farming;
2. To support the advancement of knowledge and understanding of farms and farming and their benefits and relationship to the environmental, economical, nutritional and social well-being of persons within Central Massachusetts and surrounding areas;
3. To promote the sales and purchase of agricultural products grown in Central Massachusetts to local markets, restaurants, retailers, aggregators, distributors, general consumers and others; and
4. To undertake such other activities as are consistent with the requirements of Section 501(c)(3) of the Internal Revenue Code of 1984, as amended, and regulations adopted thereto.
