Montachusett Metropolitan Planning Organization (MMPO) <u>Proposed</u> Amendment #4 to the EV 2014 2017 Montachusett Transmentation Improvement Program

FFY 2014-2017 Montachusett Transportation Improvement Program (TIP)

Comment Period: May 19, 2014 – June 17, 2014

1. Addition of Project to FFY 2014 Highway Element – As a result of discussions between MassDOT and the Federal Highway Administration (FHWA), agreement was reached to utilize unspent Highway Safety Improvement Program (HSIP) funds for the design of a project to address safety issues in Ashburnham at the Route 101/Williams Road/Corey Hill Road intersection. MassDOT Project Review Committee (PRC) approved the project on April 7, 2014. Construction of the project will be included within the Statewide HSIP funds within years FFY 2016 and 2017 as indicated in an email dated May 9, 2014 from Bonnie Polin, MassDOT Chief Safety Analyst. The project will be identified as a High Risk Rural Road (HRRR) program eligible project within the Statewide HSIP category. Therefore, this Amendment will add the design for project #607960 Ashburnham Route 101 at Williams Road/Cory Hill Road to Section 1A Federal Aid Target Projects under the HSIP funding category.

Refer to following summary.

Thirty (30) Day Comment Period:

Monday May 19, 2014 to Tuesday June 17, 2014

Upcoming Meeting Dates:

Montachusett MPO - June 18, 2014

Montachusett JTC - May 21, 2014 June 18, 2014
